AMERICAN SERIES RV ROLLER SHADES

ORDERING AND MEASURING INSTRUCTIONS

(Excluding Windshield Shades)

ORDERING INSTRUCTIONS

- Customer Information**
Complete the customer information section.
- Material Color**
Enter your day and night material choice.
View material color options at mcdinnovations.com/American-duo
- Product**
Select MCD American **Duo™** Day/Night or **Solo™** (Day or Night) shade.
- Operating Mode**
Select Manual, Remote Electric, Switch Control, or Combo (Manual Day Shade and Remote Electric Night Shade).
- Motor Location (If Applicable)**
Indicate if you would like the motor to be installed on the Left or Right side of shade assembly.
- Window Location**
Identify where each shade will be installed; e.g., dining, kitchen, driver etc.
- Price**
Use the **PRICE GUIDE** to determine the shade pricing. Note that Remote Electric Shades require one motor for **EACH** shade roller. (See price guide for additional charges.)

MEASURING INSTRUCTIONS

1A. Width WITH Valance

Provide measurement of the **Inside width** from Valance leg to Valance leg.

Final Measurement (Width **MINUS 0.75"**) = _____ (Use this measurement as your width when ordering)

IMPORTANT: Deduct 0.75" from your measured width to provide clearance space for installation.

NOTE: Width measurement requested is the overall shade assembly size. Do not order by material width.

1B. Width WITHOUT Valance

Measure the dimension from outside window frame to outside window frame.

Width (Width **PLUS 1"**) = _____ (Use this measurement as your width when ordering)

NOTE: Width measurement requested is the overall shade assembly size. Do not order by material width.

2. Drop Length

Measure from the **INSIDE** top of the valance, or mounting position, to the bottom of the window frame.

3. Roll Spec

Refer to the Roll Spec diagrams located on the order form to determine the shade roll directions.

Note:

- You will need at least 2 inches of space for the shade to roll freely inside a valance.
- All MCD shades come standard with ceiling style mounting clips.
- All MCD shades are custom-made, non-refundable and non-returnable.**

IMPULSE “ALL-IN-ONE” ROLLER SHADE ORDERING AND MEASURING INSTRUCTIONS

Important:

- Do not order by material width. Order by overall final assembly width.
- Record all measurements in inches and fractions. Round to the nearest 1/8th of an inch.

ORDERING INSTRUCTIONS

1. Customer Information

Complete the customer information section.

2. Material Color

Enter your day/night and Valance material choice.
Enter your Valance End Cap Color.

View the material color and end cap color options at mcdinnovations.com/impulse-roller-shades

3. Product

Select **Duo™** Day/Night or **Solo™** (Day or Night) shade.

4. Window Location

Identify where each shade will be installed; e.g., dining, kitchen, driver etc.

5. Price

Use the **PRICE GUIDE** to determine the shade pricing. Impulse Shades are not available with power options.

MEASURING INSTRUCTIONS

STEP 1: WIDTH

Measure the window **WIDTH (W)** dimension outside frame to outside frame.

Width (**W**) = _____

Add 3" to your outside frame to outside frame width dimensions.

Width (**W+3"**) = _____ = Final Overall Assembly width. (Use this measurement as your width when ordering.)

a) Installation clearance requirements:

- i) Minimum of 2" above the window frame
- ii) Minimum of 1.5" on left and right side of window frame
- iii) Window frame must be 3" away from existing structure (i.e., wall, cabinet.)

STEP 2:

Measure the window **DROP dimension (D)**. _____

Note: If the shade is going to be mounted above the window be sure to measure starting where your shade will set above the window.

STEP 3:

Measure again to confirm dimensions are accurate.

Please make sure you measure carefully so that the entire window is covered and fits properly into the mounting location. Please add three inches (3") to overall width for assembly.

Final Measurements: (WIDTH + 3") _____ x (D) _____

Note: All MCD shades are custom-made, non-refundable and are non-returnable. Do not order by material width.

To Place your order:

Call 972.548.1850; Fax 972.542.4881; or E-MAIL to CustomerService@mcdinnovations.com

An MCD representative will assist you with finalizing your order.

If you have additional questions, please call 972.548.1850 or email CustomerService@mcdinnovations.com

WINDSHIELD AND SCREEN DOOR SHADE SYSTEMS

AMERICAN SERIES WINDSHIELD (COCKPIT) SHADE SYSTEM

The MCD American Series Windshield Shade is a state-of-the-art full side-to-side visor to be used while you are driving and complete coverage while you are parked. The Dual-Range™ safety feature allows for you to have separate ignition ON and OFF set limits. Switch Motor Option Only.

Full-Length Side-to-Side Sun Visor:

With the **IGNITION KEY ON** both the day and night RV windshield shades can be programmed so they cannot be lowered past your line of sight while driving, so you can use the shades as a full-length sun visor.

- Day Shade – Use to reduce glare
- Night Shade – Use for total sun blockage

Complete Privacy and Heat/UV Protection:

With the **IGNITION KEY OFF** both day/night windshield shades can be lowered all the way to the dash for complete coverage.

- Day Shade – Provides privacy along with excellent outward vision and heat control during the day
- Night Shade – Blackout shades provide complete privacy during the day or at night

PULL-UP DOOR SHADE

The MCD Pull-Up Door Shade is designed for the ease of entering and exiting your RV. Encased in an attractive, lightweight black aluminum housing that attaches quickly and easily to any screen door frame.

- Choice of MCD Sunscreen or 100% Privacy / Light Blocking Night Shade
- Variety of Day and Night Materials and Colors Available
- Superior outward visibility and heat/UV reduction with MCD Clearview™ sunscreen
- Sleek Assembly Design That Fits a Variety of Screen Door Styles
- Custom Made for Each Make and Model of RV

SCREEN DOOR PULL-UP SHADE ORDER FORM

Date: _____

Page: _____ of _____

Customer Name: _____ Phone: _____

Billing Address: _____

Shipping Address: _____

RV Year: _____ RV Make: _____ RV Model: _____

E-mail: _____

The Screen Door Pull-Up Shade attaches to the door and moves with the door for ease of exiting/entering.

To determine what Screen Door Pull-Up Shade style you need, look at the examples below and pick out the style that best matches the frame on your screen door and write that letter in the form below. Example: If your screen door frame shape is style A, you would write style "A".

* Note: The lower shaded area in style F can not be covered by the shade.

Pull-Up Door Shade will not work on any motorhome where the dash extends past the door when in the closed position.

MEASURING INSTRUCTIONS

Measure WIDTH with door closed.

- Measure the **outside** of the frame to the **outside** of the frame for the above indicated areas (1-4) of the screen door.
- To measure for the radius on styles A and D use the radius template on this page to determine the door curvature.

1. Choose the style that matches your screen door: Style (A, B, C, D, E, F) _____
2. Measurements for above style:
Measurement 1 _____ (Height) Measurement 2 _____ (Width)
Measurement 3 _____ (C, D, E or F) Measurement 4 _____ (C, D, or F)
3. Radius: Style A (R1) _____ Style D (R1) _____ (R2) _____
4. Material Color: Day Shade _____ Night Shade _____

View Material Color Options at MCDInnovations.com

Not all material color options are available for Pull Up Shades. See Website for details.

Note: You will see at the top of the photo the night shade which is mounted to the coach wall and is a separate product from the Screen Door Pull-Up Shade.

STYLE "A"

NOTE: Final product tolerance for shade width is +/- 0.25" per shade

SCREEN DOOR PULL-UP SHADE: \$180.00

To access the digital order form or download additional worksheets, scan QR CODE or visit: mcdinnovations.com/screen-door-pull-up-shade
To Place your order: Call 972.548.1850; Fax 972.542.4881; or E-MAIL to CustomerService@mcdinnovations.com | An MCD representative will assist you with finalizing your order.
If you have additional questions, please call 972.548.1850 or email CustomerService@mcdinnovations.com

MCD CONNECT

Smart Shade Control for Your Motorcoach

Control your motorized MCD shades from one simple hub.

MCD Connect brings app-based convenience, scheduled shade routine, and smart home integration to compatible MCD motorized window coverings.

APP-BASED CONTROL

Control compatible MCD motorized shades through the Controller app from your smartphone.

SCHEDULED COMFORT

Create shade timers and routines so your coach adjusts throughout the day without manual control.

BUILT FOR THE RV LIFESTYLE

Compact, low-power, and designed to blend into your coach interior.

SMART HOME READY

Connect with popular smart platforms and voice assistants when connected to WiFi.

ONE HUB. TOTAL SHADE CONVENIENCE.

With MCD Connect, compatible powered shades can be managed from a smartphone, scheduled around your day, and integrated with popular smart home platforms when connected to the internet/WiFi.

20
SCENES

20
ROOMS

20
TIMERS

30
MOTORS

YOUR COACH, YOUR SHADE SCHEDULE.

Morning light. Afternoon heat. Evening Privacy.

MCD Connect helps make shade control feel automatic, giving you a simple way to manage comfort, privacy, and daily routines from one connected hub.

Smart platform functionality requires compatible setup, controller app integration, and internet connection.

1 CONNECT THE HUB

Connect the MCD Connect hub to power and your RV internet setup using WiFi or Ethernet.

2 PAIR COMPATIBLE SHADES

Use the Controller app to configure compatible MCD remote motors.

3 CONTROL, SCHEDULE, AUTOMATE

Use the app to control shades, create routines, and integrate with supported smart platforms.

UPGRADE THE WAY YOUR COACH RESPONDS.

Ask your Airxcel Representative, dealer or service center about MCD Connect for compatible MCD Motorized shade systems.

MCDinnovations.com

An AIRXCEL Brand

MCD Innovations redefines RV window shades with a perfect blend of luxury, functionality, and modern style. Trusted by leading RV manufacturers and loved by travelers, MCD roller shades offer effortless light control, increased privacy, and a sleek, residential look that elevates any coach interior.

From gentle day filtering to full blackout privacy, our easy-to-use shades are built for life on the move — with premium fabrics, smooth operation, and custom-fit options. Whether you're chasing the sun or parking under the stars, MCD lets you enjoy the view in total comfort.
